ROLLER TEAM

AUTO-ROLLER

T-LINE

True progress is only when the advantages of a new technology become for everybody.

Henry Ford

- + INCREASED STRENGTH
- + INCREASED INSULATION
- REDUCED NOISE
- REDUCED DAMAGE

All 2012 models come with a 10 years warranty against leakages

High density **extruded plastic** more strength.

STYROFOAM** in all walls. Better soundproofing and thermal insulation of the vehicle.

Laminated plastic in the whole perimeter of the walls.

Outside floor panel protection: the outer underfloor of the motorcaravan is treated with a **special protective waterproof covering**.

Floor thickness (75mm) for superb thermal performance and sound proofing of the vehicle. Fibreglass under the rear overhang (Garage versions) helps prevent against damage from road.

** TM Trademark of The Dow Chemical Company ("Dow") or an affiliated company of Dow
* Similar material with the same technical features on some models

UPHOLSTERIES
