Freedom to travel

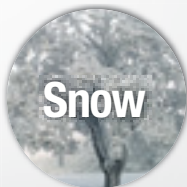

Extreme Protection System Protection that goes further

The **Extreme Protection System** is the fruit of **ROLLER TEAM** research: the new technology for building of the living body that guarantees the **highest protection** for your motorcaravan.

The **Extreme Protection System** ensures high vehicle performance and provides:

Greater protection
against water ingress

Greater insulation
against the elements

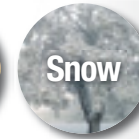

Greater protection
from external noises

Only **ROLLER TEAM** offers a ten year guarantee with the **Extreme Protection System**!

+ INSULATION + PROTECTION - NOISE - DAMAGES

High density
extruded plastic
more strength.

STYROFOAM™
in all walls.
Better soundproofing
and thermal insulation
of the vehicle.

Laminated Plastic
in the whole perimeter
of the walls.

Floor thickness 75 mm for superb thermal performance and sound proofing of the vehicle. Fibreglass under the rear overhang (Garage versions) helps prevent against damage from road.

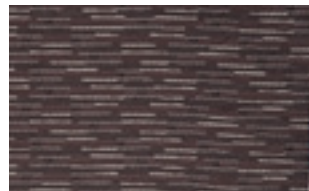

Outside floor panel protection: the outer underfloor of the motorcaravan is treated with a **special protective waterproof covering** and more strong against impacts.

NOTES

- *: Optional to be requested when ordering the vehicle
- ***: To increase the vehicle payload, when travelling it is possible to reduce the fresh water tank capacity to approx. 50 lt.
- (b) Maximum total weight of the vehicle not to be exceeded.
- (d) Certified vehicle weight. Comprises: driver, fuel tank fully filled (60 lt.), fresh water tank filled to 50 lt. (use of special drain valve) and aluminium gas bottles (max. 15 kg.) filled at 90% of their capacity, and certified tolerance (+/- 5%) (2001/116/CE). Warning: optional items installed are not included in the determination of the load less weight in running order of the vehicle.
- (e) Maximum total trailer weight.
- (g) Provisory data to be confirmed during certification.
- (h) Excluding flue, skylight, roof rack. Warning: check the value indicated with your dealer.
- (i) Maximum luggage rack capacity 40 kg.
- (p) Data are provided by the manufacturer of the fixture.
- (t) If optional it is to be considered in replacement of the equipment supplied as standard.
- (v) It is a system for raising and lowering the rear bed through a handle to obtain more or less space in the garage.
- (x) The vehicle in Running Conditions must have the fresh water tank filled to its minimum capacity: 50 litres, using the special drain tap.

NOTICE

All the information and photos shown herein are to be considered as merely indicative and do not constitute contractual specifications. Trigano S.p.A. reserves the right to make the technical and configuration changes considered appropriate to its vehicles and to change the equipment the vehicles are provided with at any time and with no official notice. Owing to the above, all the information concerning the specifications and equipment of every motorcaravan must be requested before purchase from the dealer, who, acting as sole point of reference, will confirm or rectify the data published herein, updating the customer on the actual features and equipment of the vehicle he/she is interested in and for which negotiations are ongoing. Trigano S.p.A. declines any liability concerning changes, including additions, and/or conversions made after the printing of this document and/or delivery of the vehicle. Weights and dimensions are subject to change due to the fact that the vehicles are manufactured using natural materials. The assembly of optional accessories causes the weight of the vehicle to increase, thus reducing loading capacity. The indication of weights and sizes are susceptible to changes owing to the fact that natural materials are used in manufacturing the vehicles, therefore performance and dimensions can vary in factory manufacturing with a tolerance of +/- 5%. Important note: The optional items fitted are not included in the definition of the vehicle empty weight. Their weight must therefore be included in the useful load. All users must adjust the load and number of passengers carried to the vehicle carrying capacity minus the weight of complementary equipment installed. For user safety, you are in any case recommended not to exceed the technically permissible maximum weight stated by the manufacturer. Fitting, removing or alterations carried out c/o unauthorised workshops may compromise your safety and at the same time lead to invalidation of the warranty. The information, photos and data given are to be considered as merely indicative, they are not binding and do not constitute contractual specifications. Trigano S.p.A. also declines any liability concerning changes, including additions, and/or conversions made after the printing of this document and/or delivery of the vehicle.

Cost Optional "Eco leather" fitted to this model

Cost Optional "Eco leather" fitted to this model

Bed covers, cost optional

Key Model Information

Based on the Fiat Ducato 35, 130bhp manual as standard (engine upgrades including automatic are cost options). The Roller Team 707 has a dinette lounge, rear bunks, the bottom bunk can be stowed away to create a large storage area accessible from the outside, ideal for bicycles or larger items. There is also a fantastic double bed above the cab which has a large panoramic roof light in the Luton, perfect those little star gazers! This model is an ideal family vehicle and can sleep and safely travel up to 7 people.

Standard features

Comfort Pack

Key Model Information

Continental flair, but UK by design! Based on the Fiat Ducato 35, 130Bhp manual chassis as standard (engine upgrades and automatic are cost options) this model boasts a spacious 6ft rear U shape lounge. The lounge is ideal for relaxing after a busy day and can easily convert in the evenings into either two singles or a large double bed. To the middle there is a well equipped modern kitchen and wash room with separate shower cubicle. The vehicle is completed with a double dinette to the front with 4 belted travelling seats. This area will transform in the evenings into a double bed. Above the cab you will find a large double bed with large roof light to the front of the luton, which provides invaluable natural light into the vehicle during the day.
