

2020
COLLECTION

"Arguably the best value for money in its sector, whilst leading the way with some of the most innovative ideas on the market."

ROLLER TEAM FIND YOUR ESCAPE

Roller Team welcome a brand-new line up of leisure vehicles for the 2020 collection. With five completely varied ranges to choose from all of which are built on the new, cleaner, quieter and more environmentally-friendly, Euro 6D Fiat or Ford chassis.

Be ready to take a break from the ordinary, with brand new models in Toleno's compact leisure vehicle range, Zefiro's Ford Transit coachbuilt range and T-Line's nimble Fiat Ducato range. For reliable, flexible and effortlessly comfortable motorhomes that boast more personality than ever before, there really is only one choice.

Whether you're a weekend traveller escaping from the office or an avid explorer setting off for months at a time, the inspiring Italian design combined with excellent engineering and construction ensures Roller Team motorhomes are ready for every journey. 2020 welcomes brand new internal and external aesthetics, dual vision colour reversing cameras and additional internal and external storage solutions.

Discover the latest Roller Team collection and embark on your next adventure.

ROLLER TEAM

THE 2020 COLLECTION

Express your unique styling by choosing a motorhome personalised to your lifestyle and family from Roller Team's inspiring 2020 motorhome line up.

Take Italian flair, Roller Team's renowned high specifications, pack it into a compact leisure vehicle and you'll discover the agile Toleno range, built for adventuring anywhere.

Whatever your sport, whether it be skiing, surfing or even motorsports, there's no doubt that the outstanding specification and competitive price of the Zefiro range is sure to suit.

If it's all about sharing moments whilst travelling the continent, the super-sized Auto-Roller with up to seven berths and an impressive offering of relaxation space will be the ideal base for creating memories.

If you dream of hitting the road for months at a time, the T-Line range will provide ample comforts of home for an effortless and enjoyable journey.

And when you don't want to compromise on luxury, the spacious A-Class Pegaso range will exceed your every expectation and allow you to travel in style wherever you go.

FREEDOM TO TRAVEL

Now featuring three lightweight models, all built on the new Euro 6D Fiat Ducato chassis and with a 120bhp, you can open a whole new dimension of spontaneous and comfortable touring with a compact leisure vehicle from the Toleno range.

Not only will you be hitting the road with 16" black and silver diamond cut alloy wheels as standard, Toleno also feature a brand-new integrated flyscreen within the sliding door, perfect for keeping out those unwanted guests. Plus, with a new slim-line kitchen, domestic style worktops, 3 burner hob and new gas oven, you'll be able to cook up a feast in a spacious and comfortable kitchen environment.

THE ZEFIRO RANGE DARE TO ADVENTURE

Refreshing looks, outstanding specification and a brand new 7.45m, Ford Transit coachbuilt motorhome built ready for an action-driven family of four. The new Zefiro Sport is ideal for those who want to bring all their sporting equipment on their travels, to the rear you'll find an elevated sleeping area with a grand rear storage compartment underneath, featuring a maxi side door for easy external access.

All 2020 Zefiro models start with a 130bhp engine as standard, with the option to upgrade to 170bhp and/or the 6-speed automatic gearbox. Plus, the brand-new double view colour reversing camera comes in handy for when parking in those tight spots.

MODERN DESIGN THROUGHOUT
High gloss bow-fronted upper locker doors create a fresh, modern aesthetic which contrast beautifully with Zefiro's dark wood furniture.

ROLLER TEAM

THE ZEFIRO RANGE

The Zefiro range has been redefined for adventure lovers, including the introduction of Zefiro Sport for motorsport enthusiasts with an enormous garage. To add a final touch, all Zefiro models feature the luxurious 'Paola' soft furnishing scheme as standard with 'Maria' upholstery as an optional choice.

THE AUTO-ROLLER RANGE SHARE THE JOURNEY

A firm family favourite across the UK, the new 2020 Auto-Roller range displays two brand new revised layouts, the 746 and 747. Both of which feature a modern, unique front living area, accompanied by a new integrated pull-up TV bracket as standard - ideal for entertaining friends and family.

Light wood furniture creates the perfect ambience for all Auto-Roller models, matched beautifully with the new 'Lara' soft furnishing scheme. A calming and comfortable base to return to after a long day of exploring with the family.

ROLLER TEAM

EXTREME PROTECTION

EXTREME PROTECTION SYSTEM

To help you make the most of your motorhome in comfort and safety, the roof, side walls and floor are constructed using our unique **EVO TECHNOLOGY**.

The result of extensive research and development, EVO gives greater protection from the elements and offers exceptional levels of thermal and acoustic insulation.

It gives all Roller Team motorhomes greater structural resistance meaning that you can travel further, and for more of the year, with complete peace of mind.

Up to 10 year integrity warranty
5 year habitation warranty
2 year base vehicle - Fiat
3 year base vehicle - Ford

Up to 10 years' Body Construction Warranty with Extreme Protection System EVO

ROOF

Wood-free, fibreglass roofs with Styrofoam® insulation protect your motorhome from the elements and keep it insulated from the heat and cold. Extruded plastic inserts further improves performance.

SIDE WALL

To create great sound-proofing and insulation, Styrofoam® is used in all wall panels. Durable fibreglass and high density extruded plastic offer protection against weathering.

FLOOR

The protection continues in the floor. Upper and lower fibreglass coverings offer further insulation and resistance to damage, helping to keep your motorhome in the best possible condition.

SSSSSH!

2020 models feature soft material protection between internal furniture and outer body connections, which limits unwanted road noise. Plastic spacers separate the lower floor from the chassis rail, significantly reducing creaking and friction.

ROLLER TEAM

BREATHE FREE

Roller Team's Breathe project focuses on enabling the free movement of air in your motorhome, creating a healthy and protective environment.

Fixed beds are fitted with staves and have breathable fabrics, while ventilation panels are fitted throughout, improving air circulation and stabilising the temperature.

This helps to prevent condensation, maintaining your motorhome in optimal condition and creating a comfortable environment for you.

Breathe project

- 1 Heating in the overcab area
- 2 Permanent ventilation inside all wall units
- 3 Perimeter heating in all models with rear twin beds and garage bed

SAFETY FIRST

All of our motorhomes are fully tested to ensure they meet all relevant safety and quality standards.

Electric, water and gas systems, and all onboard appliances are installed and checked by experienced technicians to ensure they're all in optimum working condition; safe, reliable and efficient.

Every Roller Team vehicle is NCC Approved for your peace of mind.

Climate chamber tests ensure the best possible thermal performance in extremes of temperature.

Enjoy all your getaways secure in the knowledge that your Roller Team motorhome is reliable and safe.

We know you'd expect nothing less.

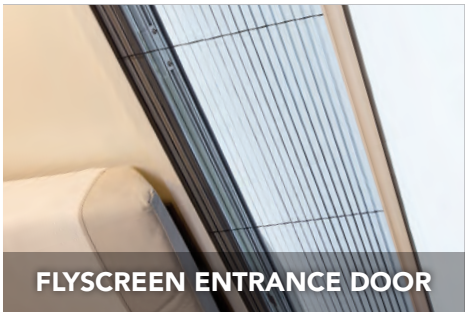

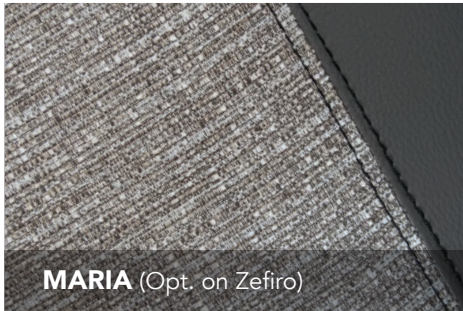

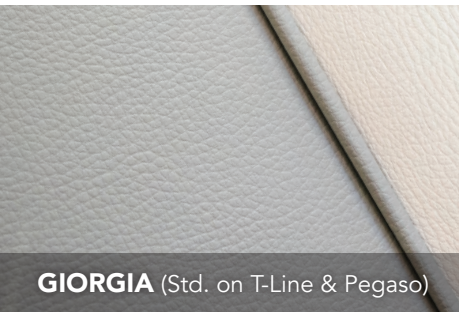

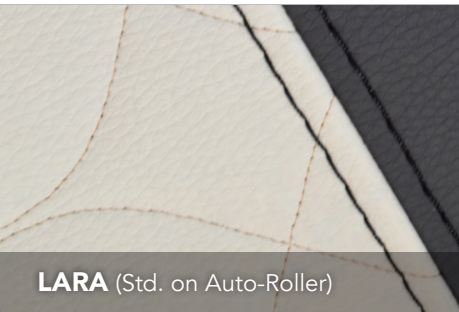

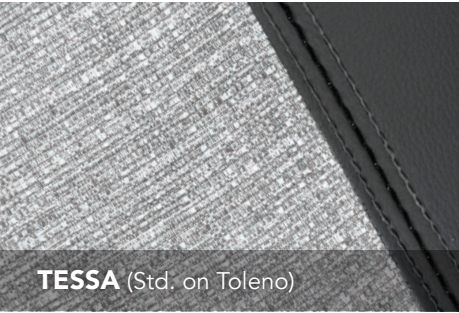

ENGINEERED COMFORT

A careful selection process has resulted in an inspiring selection of modern upholstery schemes for 2020. Each choice perfectly enhances the interior of your motorhome by conveying a spacious home through contrasting tones with the wood finishes, locker doors and flooring.

Our contemporary, neutral upholstery schemes have each undergone rigorous testing to ensure they are durable, practical and easy to keep clean whilst living on the road.

DATE & ACCURACY: The contents of this publication are as accurate as possible at the time of going to press (Oct 2019), but this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Details of performance, dimensions and weights are subject to minor deviations within factory tolerance limits (max +/- 5%).

SPECIFICATIONS & DISCREPANCIES: Trigano S.p.A. reserves the right to continually alter product or equipment specifications, prices and model ranges as materials and conditions demand, including during the course of a model year. This may affect the appearance, Mass in Running Order and other specifications, and therefore some discrepancies may arise between the published information and the model supplied. Colours shown in our brochures are representative only.

Please note, this brochure is only a guide. For the latest information on our motorhomes please visit our website www.rollerteammotorhomes.co.uk

OPTIONAL EXTRAS: Photographs may show vehicles fitted with optional pack(s), other optional extras and may contain photography props not included in the standard specification of the vehicle. Optional packs and extras are available at extra cost, quoted in the current Roller Team price list.

CONFORMITY: All Motorhomes in this brochure conform to the European Standards for Motorhomes: EN1646-1, EN 721, EN1949 and EN 1648-2. They have also been granted European Whole Vehicle Type Approval to EC Directive 2007/46. We would strongly advise against modifying vehicles in any way that could affect the validity of these Standards or Directives.

SATELLITE NAVIGATION AID: Your vehicle may be fitted with an audio/visual navigation aid. This navigation aid is designed to assist the driver whilst travelling, and it is not meant to replace a driver's self-judgement as to the suitability of a specific route for their vehicle. Navigation systems must always be used in a manner which does not affect the driver's ability to drive safely, and does not affect the safety of other road users.

PRIVATE EXPORTING/IMPORTING: Roller Team Motorhomes are designed and manufactured to operate in a specific country or region, and therefore it is imperative that when purchasing a new vehicle the buyer is fully aware of the design and operating parameters of the product. Vehicles purchased in the UK are not only built to the necessary European Directives and Standards (e.g. ECWVTA - Type approval), but are equipped with components that are designed to operate in a typical European temperate climate.

Should a buyer choose to export a registered vehicle from the UK, or purchase a vehicle from a non-aligned dealership outside the UK, it is their responsibility to ensure that any required modifications have been completed to the correct standard, and that the vehicle complies with all legislation of the country in which the vehicle is to be registered. Any equipment that is operated in a country that it is not designed for may not perform correctly and could fail. This equipment may also not be covered by the appliance manufacturer's warranty.

Similarly, Roller Team vehicles are designed to be used on normal tarmac roads, with occasional off-road campsite use. Should a vehicle be used outside of these conditions, the vehicle could suffer undue load, stress and ingress of debris, and this could cause damage or failure. This could invalidate any applicable manufacturer's warranty and Trigano S.p.A. will not be held liable for any such damage or failure.

ROLLER TEAM DISTRIBUTORS AND RETAILERS: Our distributors and retailers are not agents of Trigano S.p.A. and have no authority to make representations or commitments on our behalf. Please contact us if you require any clarification of any contents in this brochure.

RECYCLING: This brochure (if in printed form) uses sustainable resources. When you have finished with this brochure please recycle it.

Trademarks: Roller Team is a registered trademark of Trigano S.p.A. The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Trigano S.p.A. is under licence.
