Code of Conduct

This list contains both campsites and motorhome friendly pub stopovers. For the pub stopovers the following guidelines apply

- You are guests of the pub and it is expected that to stay overnight you will patronise their business by eating or drinking at the establishment.
- To avoid a wasted journey, it is best to call in advance and always have a plan b just in case
- Park with respect to other customers - no parking sideways across a number of spaces!
- These are NOT campsites so do not set out tables and chairs etc.
- Stays should not be more than one night
- Water and waste water disposal is not usually available, so plan on arriving with fresh water on board and your waste tanks empty.
- **DO NOT** empty tanks - fresh *or* grey on the pub car park.
- **DO NOT** leave any rubbish
- There is no right to stay, respect the landlords guidance
- Please leave a review on [searchforsites](http://searchforsites.co.uk) *good or bad* about your experience to help others
